

## BACKUP & RESTORE

These 12 or 24 words are the backup of a cryptocurrency wallet and are **highly confidential**. Anyone who knows these recovery words has **full control over all the funds** secured in this wallet

Never print or copy it

Never take a photo of it

Never enter them into any computer

Never store them on cloud storage (even encrypted)

### To restore access to the funds secured in this wallet:

1. Buy a new Hardware Wallet, preferably the same model
2. During setup, choose "Restore from mnemonic or seed"
3. Enter in the provided 12 or 24 word Mnemonic Sentence
